

The Atlanta Metropolitan Navy League Council
FROM THE QUARTERDECK

Quarterly Newsletter – April 2024

From the Bridge: A Welcome from the President

It's an honor and privilege to be selected as your new president. For the last 15 years, the Navy League has been close to my heart. My daughter, Catherine Seippel, is a U.S. Navy Lieutenant, Surface Warfare Officer, and department head on USS *Jason Dunham* DDG 19, with prior service on USS *Halsey* DDG.

Supporting our enlisted sailors and marines and creating new opportunities for the next generation of leaders is the foundation for my No.1 priority: growing membership and promoting the exemplary accomplishments of our youth members.

Our Council leadership shares this priority and works daily to increase our visibility in the community. We have already added 20 new members, many of whom are young people with ambition and fresh ideas. Exciting plans include empowering current and new members to launch future efforts, activities, or undertakings. I intend to encourage collaboration, promote communication, and support diversity and inclusion.

But we need help to succeed. Your continued financial and in-kind support will sustain our proud legacy and propel the service and recognition of current and future service members for years to come.

— **Will Seippel, President, Director**

Welcome Aboard!

The Atlanta Metropolitan Navy League Council was awarded Outstanding Council for 5 of the past 10 years. Usually, only about 14 of 180 National Councils are given this honor. Here is what we do to create that outstanding environment for the League:

- **Our Board of Directors meets monthly every second Tuesday** at 7:00 p.m. at the [Navy Talent Acquisition Group Atlanta](#) in Smyrna, GA. However, since the pandemic, we have been meeting online. Members are always welcome to attend. If you would like to join our Zoom meeting, please email or call me, and I will send you the login information.
- **General Membership events are scheduled about 4 times a year.** We host a banquet for the outstanding Navy and Marine Corps cadets from 45 JROTC units and 7 Sea Cadet Units that we support. These “Outstanding Metro-Atlanta Cadets” will be announced at the Annual Youth Awards Banquet in May.
- **We have interesting Keynote Speakers at our member events,** often Flag Officers, and noteworthy civilians. We will have the Navy Ball and attend the ARMAC Luncheon in the fall. In December, there will be the Marine Corp. Toys for Tots Dinner.
- **Trips to Maritime Services Bases or events are planned periodically.** For example, members went to NAS Pensacola to visit the National Naval Aviation Museum and the Blue Angels during their practices.
- **Project Mail Call will happen on September 30 this year.**
- **We elect officers and directors annually via a slate sent to all members by mail.** Our by-laws also allow the Board to add directors by vote. A new slate is presented to the Board and mailed in November to the Council members (about 175 right now). That annual mailing includes a local Council dues appeal (\$25 annually). The mailing also asks members to consider a donation to our “Leadership Fund” which is used to support youth programs and leadership awards to top sailors and marines in our sponsored and adopted units. We also support USS *Jimmy Carter*, USS *Georgia* (gold and blue), Naval Operational Support Center (NOSC) Atlanta, and Navy Talent Acquisition Group Atlanta.
- **We communicate by [eNewsletter](#), our [Council website](#), [Facebook](#) (please like and share!), and [email](#).** Also, sharing our noteworthy events will significantly increase our footprint.

Be assured that just your membership is vital to our advocacy of the maritime services. And your local financial support is a significant contribution to our many initiatives. Additionally, if you would like to contribute, your talents would be greatly appreciated. As your sponsor, please contact me with any questions.

Legislative Affairs News

Great news! Our Navy League biennial **"Fly-in" to Capitol Hill** in Washington D.C. has resumed. We have started forming **Briefing Teams** that will participate in meetings with our Members of Congress scheduled for **May 15**.

Almost all our appointments were conducted virtually in the last two years due to COVID precautions. This is a welcome opportunity to carry our Navy League message directly to our elected Congressional Representatives this year. We want them to hear our grassroots voices regarding our Navy League support for legislation that will facilitate the Sea Services' highest priority requirements.

If you have an interest in participating, **you can still register**. Call me at the number below for details. I will brief you on arrangements, including hotel accommodation at the Residence Inn Arlington near Navy League Headquarters, transportation to Capitol Hill on May 15, and a detailed schedule.

Participants are invited to **attend online virtual orientation and training on April 23** via Microsoft Teams. Participants will meet for a final orientation at our National Navy League Headquarters Building in Arlington at 5:00 p.m. on May 14.

I will schedule all the appointments with our Georgia Members of Congress (MOC). For any MOC that are not able to schedule in Washington D.C. on May 15, we will still try to schedule locally or by virtual means. Let me know if you have an interest in participating either way.

Chaplain’s Corner

Each day we offer prayers through our individual faith. When praying, please include everyone regardless of the faith they worship. We are all children of a supreme being. We may all use a different name to describe who we pray to and for. Reach out to a stranger and offer them what they need to make life a bit easier.

Yours in prayer,

Rev. Jim Klynman, Director, Champlain, VP, Education - j.klynman@att.net

Education Update

We are hoping to unite our education programs, which will target the youth of our area and inform them of the importance of helping others who may be in need of help in many different areas.

We have different organizations throughout our education system that are not aware of all the good they can do to help others. Our children need to learn what giving back means and how to do it.

If you have contacts within any student organization, please let us know so we can reach out to them.

Yours sincerely,

Rev. Jim Klynman, Director, Champlain, VP, Education - j.klynman@att.net

Youth Program Update

The Atlanta Metropolitan Navy League Council currently [provides support](#) to 45 Navy and Marine Corps JROTC units. The unit breakdown is as follows:

1. Of the 45 units, there are 34 NJROTC units and 11 MCJROTC units.
2. The Chief of Navy Education and Training has reorganized the assignment and placement of units, as well as the establishment of several new Area Command. The Georgia units were formally assigned to Area 12 based in Jacksonville, FL.
3. 28 of the 34 NJROTC units supported by the Council have been assigned to the newly formed Area 9, composed of Georgia units in the designated Atlanta and surrounding metropolitan areas. Focus on managing the Metro Atlanta assets.
4. Of the 6 remaining NJROTC units, the 5 units located in South Georgia will continue their assignment in Area 12, and the lone unit in Alabama will continue in its present assignment.
5. The total number of NJROTC cadets in our area for this year is 5,098.

Cadet LT Tiana Reid, Peachtree Ridge High School NJROTC, received the Theodore Roosevelt Youth Medal from CAPT Harley Jones, USN (Ret.) on behalf of the Atlanta Metropolitan Navy League Council of the United States on April 25, 2024.

(continued)

The Atlanta Metropolitan Navy League Council currently provides support to 7 Naval Sea Cadet Command units in the Northeast Region. The unit breakdown is as follows:

1. There are a total of 80 cadets currently training in the program.
2. Of the 7 units, 2 are currently without commanding officers. The Sea Cadet Regional Director is working to fill these positions.
3. The Council provides \$500.00 annually to each unit. The Council does not direct where this money is to be allocated, but the preference is for the fund to support summer training. Recent annual unit inspections reveal that the units are using the funds to support summer training. On some occasions, the funds were reallocated to purchase uniform items for summer training.

The 2023 graduation rate among NJROTC seniors is higher than the state average and most of the county school districts. Roughly 95.6% of NJROTC seniors are graduating, as compared to the state average of 84.4. The graduation percentages of the “Big 3” districts in metro Atlanta school districts are as follows:

1. Fulton - 89.3%
2. Cobb - 87.4%
3. Gwinnett - 83.2%

Very respectfully,

Wm. C. Wilkerson, CAPT, USN (Ret), VP, Youth Programs - (770) 597-5524
